Self-Esteem, Manifestation and Abundance

Tucson Dowsers Zoom Meeting ID: 827 2247 4993

Do you know what you want out of life? Do you already have everything or are certain items or situations elusive? It could be something as simple as a meal at your favorite restaurant or as significant as a stunning place to live.

During this presentation we will see what could possibly be stonewalling what you want and work to make your dreams come true. If you forget your dowsing tool, we'll do deviceless dowsing to help you.

Bio - Susan McNeill Spuhler is an Industrial Engineer and has been dowsing for over 30 years, successfully finding wells for clients throughout the northeastern United States as well as California.

She also finds lost items and clears geopathic stress from properties.

She is the Co-Director of the West Coast Dowsers Conference and the newly resurrected Flagstaff Dowsers Conference (formerly the Southwest Dowsers Conference)

Susan learned to dowse at Stonehenge, by chance, as there was a bus tour that had dowsing rods and they were dowsing the stones. She tried this activity and could do it.

It wasn't until she returned to work at MIT Lincoln Laboratory and spoke to her fellow engineers that she discovered that she was dowsing.

Susan is a Life Member of the Ozark Research Institute and encourages you to join. www.OzarkResearch.org

Phone Susan at 978.496.8599 or email DowsersSouthwest@gmail.com

Every Tuesday 7:00 PM MST (Arizona) Time 6:00 Pacific Time

Tucson Dowsers meet on Zoom to aid in relief from Fires, Drought, Heatwaves and Floods

Please consider joining us in inviting the Nature Spirits to bring rain in gentle, appropriate amounts to drought-stricken areas around the world, and to mitigate the impact of the heat waves and, now, cyclones in the Western US. It only takes about 15 minutes!

We use the same link as for our monthly meetings: <https://us02web.zoom.us/j/82722474993>

Environmental Energy Dowzers and Space Clearers

THIRD Thursday of each month, 6pm (MST)

1-646/876-9923 Access Code: 984-952-3909#

Host: Robert Callan, ASD Midwest Regional Coordinator

Environmental Energy Dowsing harmonizes, blocks and transforms disruptive earth energies in building structures and land areas, creating a higher energy frequency environment in those locations. Environmental energy dowsing identifies Positive and Negative Vortexes and through the application of cures, can block or convert Negative Vortexes into Positive Vortexes. Environmental dowsing also identifies Geopathic Stress Lines, Interference Lines, Hartman and Curry Lines and can neutralize or eliminate their disruptive effects. Environmental Dowsing helps raise the energy frequency in building structures and land areas promoting greater health and well-being in people's lives.

Space Clearing involves purifying and eliminating entities, energies and forcefields created by thought forms and emotional energy from land areas or building structures. Space clearing also involves helping beings from the earth or those who may have transmigrated to the earth from other dimensions and have become trapped in the earth plane. Space clearing helps assist these beings return to a realm best suited for their continued advancement. This includes carnate and discarnate entities associated with people who have made the change called death who may not have made their transition to higher realms of Light. However, the focus of this virtual chapter will not involve Spiritualism or efforts to engage in ongoing communication with any beings from other dimensions or people who have died.

ASD invites Environmental Energy Dowzers and Space Clearers interested in participating in this Focus Group to email Robert Callan at robert@dowsingdesign.com and provide him with a brief summary of your experience in Environmental Energy Dowzers and/or Space Clearing. Please include your full name, address and phone number. All interested parties will be notified of your acceptance as a member of this new focus group. If you have questions about this focus group please email or call Robert at 612/868-2887.
