**\*\*\*\*A personal message from Tucson Dowzers President Theresa Gonzalez\*\*\*\***

It is with a heavy heart that I am informing you of the loss of our own dear Kathleen Gonzalez. Kathleen passed away on December 2<sup>nd</sup>.

You will know Kathleen as the cohost of our Tucson Dowsers monthly Zoom meetings for the past 2 years. She is the one who set up our Zoom account and is largely responsible for any training Carol (Tucson Dowsers Treasurer) and I have in zoom. She did the tech checks with our speakers to ensure the lighting was good and the sound clear so we would have a quality presentation and a quality recording. And she uploaded the recordings to our YouTube channel which she also created and made sure the speakers got their own copy. For the first year and a half she managed our MailChimp account. She edited assembled and sent out our newsletter. She created our meeting announcements and sent out the recording links and reminders. She found and was supervising our website designer and oversaw the posting of our presenters on our site. She found us a virtual assistant with whom she also worked. She was our “tech person”. The Vibrantly Successful Tucson Dowsers we know today is largely due to the time, effort and skill which she so generously volunteered. She will be deeply missed.

*If you would like to thank and honor Kathleen, please do so by making a donation to Tucson dowsers. you may use our secure PayPal link:*

On a personal note. I would like to give immense thanks to Carol Dickman who during this most difficult time for me has stepped up to the plate and done everything she knew to do to keep Tucson Dowsers up and running. Thank you, Carol, from the bottom of my heart.

I would also like to thank Barrie Herr a past president of Tucson Dowsers for popping in when he was needed.

Please be patient with us for the next while as we figure out how to move forward.

**Environmental Energy Dowsing** harmonizes, blocks and transforms disruptive earth energies in building structures and land areas, creating a higher energy frequency environment in those locations. Environmental energy dowsing identifies Positive and Negative Vortexes and through the application of cures, can block or convert Negative

Vortexes into Positive Vortexes. Environmental dowsing also identifies Geopathic Stress Lines, Interference Lines, Hartman and Curry Lines and can neutralize or eliminate their disruptive effects. Environmental Dowsing helps raise the energy frequency in building structures and land areas promoting greater health and well-being in people's lives.

**Space Clearing** involves purifying and eliminating entities, energies and forcefields created by thought forms and emotional energy from land areas or building structures. Space clearing also involves helping beings from the earth or those who may have transmigrated to the earth from other dimensions and have become trapped in the earth plane. Space clearing helps assist these beings return to a realm best suited for their continued advancement. This includes carnate and discarnate entities associated with people who have made the change called death who may not have made their transition to higher realms of Light. However, the focus of this virtual chapter will not involve Spiritualism or efforts to engage in ongoing communication with any beings from other dimensions or people who have died.

ASD invites Environmental Energy Dowzers and Space Clearers interested in participating in this Focus Group to email Robert Callan at [robert@dowsingdesign.com](mailto:robert@dowsingdesign.com) and provide him with a brief summary of your experience in Environmental Energy Dowzers and/or Space Clearing. Please include your full name, address and phone number. All interested parties will be notified of your acceptance as a member of this new focus group. If you have questions about this focus group please email or call Robert at 612/868-2887
