1:30 – 3:00 Afternoon Program – David Stevens

Neutrality & Clairvoyance

Part One – The importance of Neutrality in doing intuitive and healing work. Neutrality is needed for us to accurately tune into our intuitive signals regardless of whether we are using clairvoyance, claircognizance, clairsentience, clairaudience, muscle testing, divination or dowsing. Techniques to improve your neutrality will be taught.

Part Two – Learning to access intuitive signals through clairvoyance. We will explore an inner vision procedure for when they are not spontaneously emerging. We will have a fun practice session using this procedure with other participants.

David Stevens

Founder of Yoga of the Mind

Yoga of the Mind enhances personal awareness and growth by stretching, strengthening, and balancing our inner abilities. The first step is to learn how to meditate. With over 35 years of experience, David has developed an easy-to-learn active meditation that involves simple visualization and breathing. It forms a grounded base for discovering healing energy and how to use it daily.

Background

David holds a BA and an MBA from Maharishi International University and has taught meditation since 1977. He has explored multiple meditation methods, yoga, and personal development, making him a well-rounded meditation teacher.

64th Annual ASD CONVENTION

June 14 – 16, 2024

Marlborough, MA

KEYNOTE SPEAKER - DR. KAREN KAN

The **American Society of Dowzers** is proud to announce Dr. Karen Kan as our Keynote Speaker for the 2024 convention.

Karen Kan is the founder of the Academy of Spiritual Medicine and the TOLPAKAN™ Healing Method. As a mentor, healer, and trainer, she helps Light Warriors (“sensitive souls”) harness their superpowers, express their soul’s mission, and experience more peace and joy.

Karen bridges the gap between science and spirituality. She began her career as a medical doctor (cardiology specialist), and spent 11 years treating more than 2,500 patients (and delivering over 80 babies). As a holistic doctor and Light Healer, she has completed over 4,300 healing sessions.

Karen has uncovered the common blocks and obstacles preventing sensitive souls from being healthy and vibrant, including interference from low vibrational entities.

Having healed herself from fibromyalgia and chronic fatigue syndrome, Karen employs a healing method that safely removes all types of negative energies (including entities), "downloads" positive beneficial energies, and teaches the ability to connect to source and get divine answers.

Karen Kan is author of the best-selling author of *Guide to Healing Chronic Pain: A Holistic Approach*, and *Sensitivity Is Your Superpower: How to Harness Your Gifts, Fulfill Your Purpose, and Create a Life of Joy*. Her website is karenkan.com

Environmental Energy Dowsing harmonizes, blocks and transforms disruptive earth

energies in building structures and land areas, creating a higher energy frequency environment in those locations. Environmental energy dowsing identifies Positive and Negative Vortexes and through the application of cures, can block or convert Negative

Vortexes into Positive Vortexes. Environmental dowsing also identifies Geopathic Stress Lines, Interference Lines, Hartman and Curry Lines and can neutralize or eliminate their disruptive effects. Environmental Dowsing helps raise the energy frequency in building structures and land areas promoting greater health and well-being in people's lives.

Space Clearing involves purifying and eliminating entities, energies and forcefields created by thought forms and emotional energy from land areas or building structures. Space clearing also involves helping beings from the earth or those who may have transmigrated to the earth from other dimensions and have become trapped in the earth plane. Space clearing helps assist these beings return to a realm best suited for their continued advancement. This includes carnate and discarnate entities associated with people who have made the change called death who may not have made their transition to higher realms of Light. However, the focus of this virtual chapter will not involve Spiritualism or efforts to engage in ongoing communication with any beings from other dimensions or people who have died.

ASD invites Environmental Energy Dowzers and Space Clearers interested in participating in this Focus Group to email Robert Callan at robert@dowsingdesign.com and provide him with a brief summary of your experience in Environmental Energy Dowzers and/or Space Clearing. Please include your full name, address and phone number. All interested parties will be notified of your acceptance as a member of this new focus group. If you have questions about this focus group please email or call Robert at 612/868-2887.
