Tucson Dowzers meet on Zoom to aid in relief from Fires, Drought, Heatwaves and Floods

Please consider joining us in inviting the Nature Spirits to bring rain in gentle, appropriate amounts to drought-stricken areas around the world, and to mitigate the impact of the heat waves and, now, cyclones in the Western US. It only takes about 15 minutes!

Dowsing to Find Our Body's Voice

Tucson Dowzers Zoom Meeting ID: 827 2247 4993

Our bodies have a voice, and dowsing is the most effective way to converse with and understand what our bodies are saying, especially in the context of healing and transformation.

During their presentation Antonia and Greg will give you their secrets to a successful healing session, and will demonstrate how they use dowsing to engage and give your body a voice.

They'll teach the four most important questions to ask in any healing session and demonstrate how to dowse and get answers that will lead to lasting transformation and a happy, healthy body.

As part of their presentation they'll also offer their signature Rapid Relief Healing sessions using CoreTalk™ Holistic Therapy, in which they'll do actual healing, for participants on the call.

Then they'll take questions about all aspects of their healing work. Make sure to stay for the bonus healing session afterwards.

Bio- Antonia Van Becker and Greg Lee, creators of CoreTalk™ Holistic Therapy, the Success Accelerator Code and Ultimate Self-Healing System online programs, founded Self Health Institute in the mid 90's to empower healers, coaches, entrepreneurs and business owners to turn problems that

block their success into Golden Opportunities by using their signature CoreTalk™ Holistic Therapy to guide their clients toward successful outcomes by asking simple questions and getting life-changing answers.

They love helping people get past overwhelm, procrastination, self-doubt, and chronic health issues so they can have the life, business and impact they so deeply desire.

Together since 1979, their 43-year relationship imbues their healing practice with love, body/mind consciousness, and emotional/energetic balance and awareness. They live their dream in the wilds of West Marin, California, healing others, growing food and writing songs to inspire others to envision and realize their dreams.

‘Basics of Tarot’

With Sheila Oranch

Tuesday, February 8, 2022

8:00pm EST / 6:00pm MST

Sheila will explain the basics of Tarot and how to incorporate the cards into your dowsing practice. Reading Tarot cards is fun and uplifting. Tarot can be a gateway to many paths and disciplines. It can be combined with Dowsing, energy work, crystals, and other tools. Dowsing and Tarot together are exceptionally effective. You do not need to have a Tarot deck to benefit from this information.

Sheila Oranch began studying Tarot and esoterica in 1980 and began learning Dowsing in 2007 at White Mountain Dowzers meetings. Like her mentor, Suzanne Schwartz, Sheila finds integrating new arts for effective use in our “energetic toolbox” is a stimulating way to keep your practice fresh and growing. Sheila lives in central NH where she and her spouse Bill Powers, operate Coppertoppe Inn & Retreat Center welcoming individuals, small groups, retreats and seminars. They also operate Aural Technology Consulting LLC. As well as Tarot, Sheila has taught Tai Chi energetic healing, public speaking, and business communication. Always a seeker and spiritual omnivore, Sheila has sampled many energetic practices. Contact her at sheila@coppertoppe.com or by phone at 603-744-5036

Dowsing the Human Energy Field: the Chakras

Virtual Workshop - Tick Gaudreau

Tuesday, February 15, 2022

8:00pm EST / 6:00pm MST

Just when you thought it was safe to go out in public, your aura is all nice and shiny, but did you think to check your chakras? Imbalance in your chakras can cause all sorts of energy-related physical issues including fatigue, loss of immune acuity, mental and emotional issues, and hangnails. (Well not really hangnails)

But now you are saved! You can dowse your chakras to find "issues" with them, and to help them back into proper function and tone. You will lose those extra pounds you put on over this pandemic! (Not really, that is a pure fabrication, results may vary.)

Join Tick Gaudreau on Tuesday February 15 to learn how to use dowsing to "check-in" with your chakras and to arrange for their adjustment to your highest good. Then go out in public! Propose to someone on this Propose Day. You may get lucky! (Actually, it is fitting that we discuss Chakras, Sanskrit for "wheel," on a Propose Day, only celebrated in India!)

Tick Gaudreau is a Dowser, teacher, and author. He has been dowsing for a longer time than he wishes to admit. He teaches dowsing but he fumbles his words and says "uh" an awful lot. He has written Spirit Rescue: A Dowser's Ghostly Encounters and The Care and Treatment of Wild Energies, both of which are available in the ASD Bookstore. He has written a lot of other things but we won't allow such nonsense in our bookstore.

Environmental Energy Dowsing harmonizes, blocks and transforms disruptive earth energies in building structures and land areas, creating a higher energy frequency environment in those locations. Environmental energy dowsing identifies Positive and Negative Vortexes and through the application of cures, can block or convert Negative Vortexes into Positive Vortexes. Environmental dowsing also identifies Geopathic Stress Lines, Interference Lines, Hartman and Curry Lines and can neutralize or eliminate their disruptive effects. Environmental Dowsing helps raise the energy frequency in building structures and land areas promoting greater health and well-being in people's lives.

Space Clearing involves purifying and eliminating entities, energies and forcefields created by thought forms and emotional energy from land areas or building structures. Space clearing also involves helping beings from the earth or those who may have transmigrated to the earth from other dimensions and have become trapped in the earth plane. Space clearing helps assist these beings return to a realm best suited for their continued advancement. This includes carnate and discarnate entities associated with people who have made the change called death who may not have made their transition to higher realms of Light. However, the focus of this virtual chapter will not involve Spiritualism or efforts to engage in ongoing communication with any beings from other dimensions or people who have died.

ASD invites Environmental Energy Dowers and Space Clearers interested in participating in this Focus Group to email Robert Callan at robert@dowsingdesign.com and provide him with a brief summary of your experience in Environmental Energy Dowers and/or Space Clearing. Please include your full name, address and phone number. All interested parties will be notified of your acceptance as a member of this new focus group. If you have questions about this focus group please email or call Robert at 612/868-2887.
