Suggested dowsing searches range from looking for a lost pet, discovering your pet's emotional triggers that might cause distress or disease, and moving forward after losing a beloved companion. Questions you might ask when adopting a new pet. Having gone through this process with my many animals has taught me how difficult it is to be objective when grieving or traumatized.

Master Dowser Susan Collins

*Dowse the Future!*

Let's be clear - there are no guarantees about the future but we can dowse the future PROBABILITY of outcomes. We take known and unknown factors and current trends into account.

We can evaluate our decisions over time to see what the long-term outcomes might be. We can assess future outcomes on a general basis or focus more specifically using the categories of "financial", "overall happiness" or other aspects that we choose.

I use my Dowsing Protocol to identify and disconnect barriers to my goals and to enhance the probability of ongoing successful outcomes. I am committed to sharing what I have learned! I look forward to seeing you all at Tucson Dowzers.

**Environmental Energy Dowsing** harmonizes, blocks and transforms disruptive earth energies in building structures and land areas, creating a higher energy frequency environment in those locations. Environmental energy dowsing identifies Positive and Negative Vortexes and through the application of cures, can block or convert Negative Vortexes into Positive Vortexes. Environmental dowsing also identifies Geopathic Stress Lines, Interference Lines, Hartman and Curry Lines and can neutralize or eliminate their disruptive effects. Environmental Dowsing helps raise the energy frequency in building structures and land areas promoting greater health and well-being in people's lives.

**Space Clearing** involves purifying and eliminating entities, energies and forcefields created by thought forms and emotional energy from land areas or building structures. Space clearing also involves helping beings from the earth or those who may have transmigrated to the earth from other dimensions and have become trapped in the earth plane. Space clearing helps assist these beings return to a realm best suited for their continued advancement. This includes carnate and discarnate entities associated with people who have made the change called death who may not have made their transition to

higher realms of Light. However, the focus of this virtual chapter will not involve Spiritualism or efforts to engage in ongoing communication with any beings from other dimensions or people who have died.

ASD invites Environmental Energy Dowzers and Space Clearers interested in participating in this Focus Group to email Robert Callan at [robert@dowsingdesign.com](mailto:robert@dowsingdesign.com) and provide him with a brief summary of your experience in Environmental Energy Dowzers and/or Space Clearing.
