Presenting: Heidi Irgens

"Working with Sound to Feel Better and More"

There's a lot of information about Sound Healing, as well as events like sound spas, etc. Actually, there are as many different ways of using healing sound as there are in Energy Healing.

In this presentation, Heidi will share her insights about the different ways that sound healing works and different kinds of sound healing. Not all modalities resonate or feel the same to everyone. She'll take you on a short experiential sound journey.

Heidi works with a variety of modalities, using sound, frequencies and vibrations to help people relieve stress and improve their physical, mental and emotional health.

BIO:

Heidi Irgens has a M.A. (Consciousness Studies). Heidi worked in the world of sound for much of her early adult life as a sound and video producer and editor. She has been a singer all of her life in various forms, choirs, small groups, Threshold Choir, improvisational groups. A dowser for more than 20 years, Heidi works with sound: instruments, including tuning forks, voice, Tibetan and crystal bowls. In addition, Heidi is a practitioner in Acutonics Integrated Healing, Biofield Tuning Advanced, Past Life Regression, Stone Medicine, Sacred Anatomy Medicine Bag training, Reiki III and has studied Sound Healing with Tom Kenyon and Tito la Rosa, Full Body Presence with Suzanne Scurlock, and Advanced BioGeometry Curriculum. Heidi has also been a presenter numerous times at the West Coast Dowsers Conferences. Check out her website:

Dowser, Spiritual Teacher, and Channel

Amy Jo Ellis

“Taking Our Power BACK!”

Amy Jo will show us how we have at times believed something that was said. "i.e. You will never amount to much." Or we have allowed other people's behaviors toward us to cause us to believe we were not good enough. In this class she will show us how to dowse and find "Who we have believed, and how to use the Court of Atonement to remove the belief!"

There will be dowsing exercises to help us understand if we have given our Power away and how to Take it Back!

Bio – Amy Jo Ellis

Amy Jo started out as a singer-songwriter performing for spiritual living centers and teachers like Neale Donald Walsh and Bob Doyle, and one time even for the Dahli Lama.

Now, the tables have turned, and Amy Jo herself is a spiritual teacher and channel who is quickly gaining popularity for introducing a process called the Court of Atonement. This simple spiritual idea helps to resolve conflicts at the Soul level.

With a single share of her \$5 booklet on Facebook, Amy Jo has now sold thousands of e-books to people in over 140 countries.

Clinician, Acupuncturist, and Whisperologist

Steven R Tonsager

“Introduction to Whisperology”

Steve’s presentation will introduce you to the principles and applications of Whisperology.

Steve developed Whisperology as an informational system based on spiritual principles that uses Intention Based Field Resonance Testing (IBFRT) to receive and send coherent information for healing and spiritual growth. Intention Based Field Resonance Testing is a theory and methodology which is based on the relationship between attention and intention to receive and send coherent information about any subject including all aspects of health. In Whisperology, coherence refers to the alignment of the body, heart, and mind to its divine origin and purpose which is based on the belief that we experience optimum health when we seek to love God, others, and ourselves in our daily living.

The mission of Whisperology is to expand human consciousness according to its spiritually based theories and tools which are activated by the power of intention. Whisperology is based on the understanding that life is thoroughly purposeful down to the last detail. As spiritual beings, the greatest source of fulfillment is alignment with a divine purpose. Every level and layer of our being, physical and non-physical, is intended to serve this intrinsic purpose. All IBFRT methodologies are framed within a spiritual context. Coherence brings health on every level. This is the message that is at the heart of Whisperology.

Bio – Steven R Tonsager

Steve received his bachelor’s degree in chemistry from Augsburg College, Minneapolis, Minnesota, and his master’s degree in biochemistry from Michigan State University. Steve received his Master of Divinity degree from Luther Northwestern Theological Seminary in St. Paul, Minnesota. After receiving his master’s degree in Acupuncture and Oriental medicine from the American Academy of Acupuncture and Oriental Medicine, he established an acupuncture clinic in Wisconsin in 2003. Since then, he has continued his education in Chinese medicine, cold laser therapy, homeopathy, field control therapy, and Tillerian physics. He uses IBFRT and Whisperology as the only form of treatment, with great success, and is now training others in these methodologies. Steve has written several books about Whisperology as well as a trilogy about spiritual transformation known as The EBKILFGN Series.

In 2020, Steve closed his clinic in River Falls, Wisconsin and moved to Tucson, Arizona. He continues to write, treat clients, and train others to become Whisperologists.

More information about Whisperology is available at his website www.whisperology.com.

64th Annual ASD CONVENTION

June 14 – 16, 2024

Marlborough, MA

KEYNOTE SPEAKER - DR. KAREN KAN

The **American Society of Dowzers** is proud to announce Dr. Karen Kan as our Keynote Speaker for the 2024 convention.

Karen Kan is the founder of the Academy of Spiritual Medicine and the TOLPAKAN™ Healing Method. As a mentor, healer, and trainer, she helps Light Warriors (“sensitive souls”) harness their superpowers, express their soul’s mission, and experience more peace and joy.

Karen bridges the gap between science and spirituality. She began her career as a medical doctor (cardiology specialist), and spent 11 years treating more than 2,500 patients (and delivering over 80 babies). As a holistic doctor and Light Healer, she has completed over 4,300 healing sessions.

Karen has uncovered the common blocks and obstacles preventing sensitive souls from being healthy and vibrant, including interference from low vibrational entities.

Having healed herself from fibromyalgia and chronic fatigue syndrome, Karen employs a healing method that safely removes all types of negative energies (including entities), “downloads” positive

beneficial energies, and teaches the ability to connect to source and get divine answers.

Karen Kan is author of the best-selling author of *Guide to Healing Chronic Pain: A Holistic Approach*, and *Sensitivity Is Your Superpower: How to Harness Your Gifts, Fulfill Your Purpose, and Create a Life of Joy*. Her website is karenkan.com

Environmental Energy Dowsing harmonizes, blocks and transforms disruptive earth energies in building structures and land areas, creating a higher energy frequency environment in those locations. Environmental energy dowsing identifies Positive and Negative Vortexes and through the application of cures, can block or convert Negative

Vortexes into Positive Vortexes. Environmental dowsing also identifies Geopathic Stress Lines, Interference Lines, Hartman and Curry Lines and can neutralize or eliminate their

disruptive effects. Environmental Dowsing helps raise the energy frequency in building structures and land areas promoting greater health and well-being in people's lives.

Space Clearing involves purifying and eliminating entities, energies and forcefields created by thought forms and emotional energy from land areas or building structures. Space clearing also involves helping beings from the earth or those who may have transmigrated to the earth from other dimensions and have become trapped in the earth plane. Space clearing helps assist these beings return to a realm best suited for their continued advancement. This includes carnate and discarnate entities associated with people who have made the change called death who may not have made their transition to higher realms of Light. However, the focus of this virtual chapter will not involve Spiritualism or efforts to engage in ongoing communication with any beings from other dimensions or people who have died.

ASD invites Environmental Energy Dowzers and Space Clearers interested in participating in this Focus Group to email Robert Callan at robert@dowsingdesign.com and provide him with a brief summary of your experience in Environmental Energy Dowzers and/or Space Clearing. Please include your full name, address and phone number. All interested parties will be notified of your acceptance as a member of this new focus group. If you have questions about this focus group please email or call Robert at 612/868-2887.
