Appalachian Dowzers

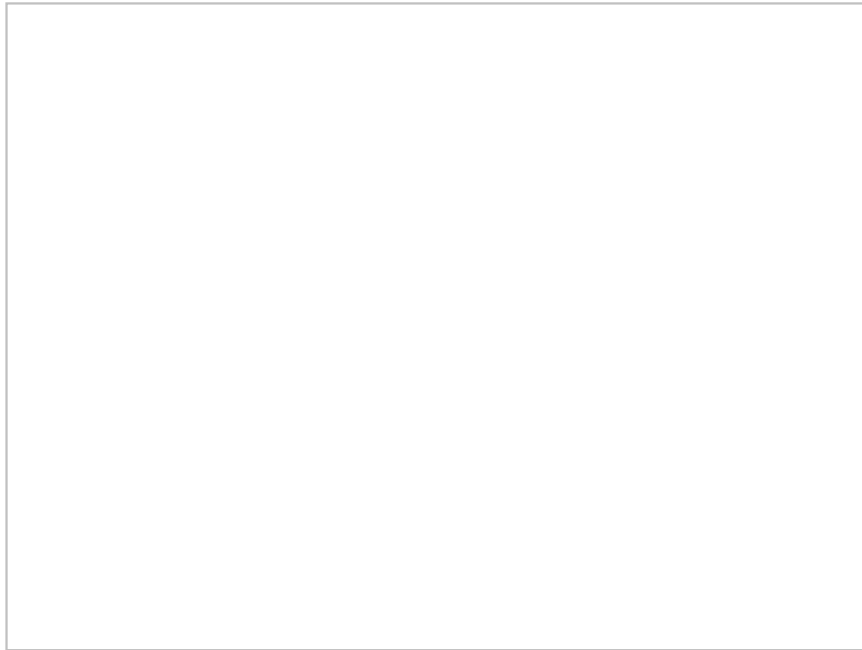

Please join us for fabulous MAY Potluck Picnic

We wanted everyone to know that the beauty of nature is not the only thing going through a transformation this season. Spring is spectacular as trees unfold in that early shade of new greenness and color bursts forth everywhere from the profusion of flowers blooming. But there is also another exciting transformation taking place as well. The Appalachian Dowzers will shortly unveil a new website chock full of pertinent dowsing information and relevancy.

Covid forced many changes in our society as well as with our local dowsing group. Regretfully we had to postpone gathering together and sharing in person. Instead, we went to quarterly Zoom meetings featuring many exciting internationally known speakers like Joey Korn, Robert Egby, Sandy Mac, as well as others. Lately we have switched from quarterly online meetings to monthly, partnering with the Tucson Dowzers for regular Zoom presentations on the first Saturday of each month at 4pm offering speakers of equal relevance and expertise.

We recognize that there is something special that takes place when folks can meet and share face to face. So we extend an invitation to each of you to join us on Saturday May 21 at 12pm for an in person potluck picnic at the French Broad River Park 508 Riverview Dr.

From Hwy. 240, it's at the end of Amboy Road past Carrier Park where Amboy meets Meadow Road. We hope you can attend since it will be fun to once again gather together and be able to share and exchange in easy going companionship as the French Broad River flows nearby. There will be a beginning dowsing class offered plus interactive dowsing exercises and demonstrations helping each of us to hone our skills. ***So bring a dish plus a lawn chair along with your rods and pendulums and come join us for an enjoyable afternoon.*** We will have extra ones for those who don't have them yet.

Remember to check out our new website on a regular basis for updated news and connection. It should be revamped and reenergized in a week or two.

<https://appalachiandowers.org>

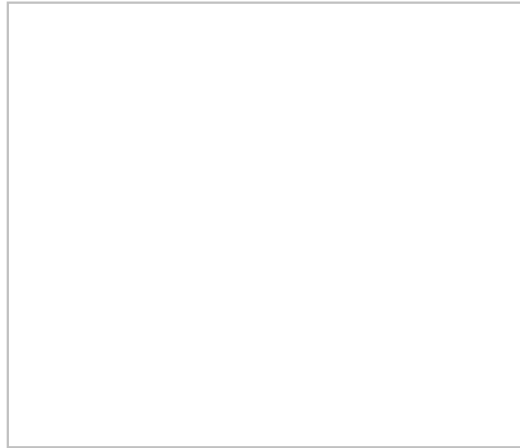

As each of you have likely experienced, dowsing is a powerful tool for accessing one's intuition and connecting with deeper levels of one's self. Introducing that to the larger community is one of the important missions of the Appalachian Dowser's group. However in order to accomplish this, we need your help.

Many of our present board members have fulfilled their terms of office and actually have extended many times. Now we are looking for others who would be willing to take up this important mission and carry it forward. It is an exciting time and we need your energy, ideas and commitment. So please seriously consider stepping up and volunteering to play a significant part in spreading dowsing's importance. Along the way you will have fun in connecting with other likeminded people. So, step forward and share your insights, energy and life's experiences. You can take pride and satisfaction in knowing that you are advancing a much-needed tool in today's world.

Please don't let living outside our immediate geographical area hold you back from volunteering. Much of our planning is done online with Zoom meetings, texting and emails. So jump on in with your unique voice and skills.

Chinese astrology with its 12 animal zodiac characters have strong influence on our lives. They influence our lives and bring new energies and qualities every year. We will also talk about how the day is divided into 12 periods so make sure to find out what time of the day you were born at. The combination of numbers and Chinese zodiac will give you a deeper look into people's characters and more understanding of yourself and your family members/ friends.

Yana has studied numerology for the last 20 years. She has done professional readings to help her clients make important decisions in their lives, explain actions and peacefully resolve the conflicts with family members or friends.

Yana Gocmanova is a holistic practitioner. She has been a certified Quantum biofeedback specialist since 2008. She uses the knowledge of numerology in working with her clients. The clients' birth dates help her to choose the most appropriate program for their recovery. She lives in Redding. To contact Yana email: yanagoc@gmail.com or call: 530-492-9988.

Master Dowser Susan Collins

Dowse the Future!

Let's be clear - there are no guarantees about the future but we can dowse the future PROBABILITY of outcomes. We take known and unknown factors and current trends into account.

We can evaluate our decisions over time to see what the long-term outcomes might be. We can assess future outcomes on a general basis or focus more specifically using the categories of "financial", "overall happiness" or other aspects that we choose.

I use my Dowsing Protocol to identify and disconnect barriers to my goals and to enhance the probability of ongoing successful outcomes. I am committed to sharing what I have learned! I look forward to seeing you all at Tucson Dowzers.

Dowser and Channel Amy Jo Ellis

Resolving the Traumas (That are causing the issues)

When it comes to solving life issues, it all boils down to finding the “Point of Origin.” From illnesses and allergies to money or family problems. All issues have an event that caused them.

Once the point of origin (cause) is located, we can release the non-beneficial energy around it and allow the problem to resolve.

Amy Jo will be showing us how we can use dowsing to find the “Point of Origin” and teach us the basics of using the Full Court of Atonement and handing out the complete outline of the process.

Bio - Amy Jo gives credit to the use of a pendulum and an alphabet chart for unleashing her psychic abilities.

She has gone on to channel an incredibly powerful healing modality called “The Court of Atonement.”

The process works to remove conflicts, whether the conflict is between two people, a pack of dogs, or just your conscious and subconscious mind.

Her e-booklet has gone on to sell thousands of copies in over 100 countries.

Dowser, Raymon Grace, impressed with Amy Jo’s down to earth teachings, boosted her popularity by dedicating his quarterly newsletter to introduce her to his followers.

Environmental Energy Dowsing harmonizes, blocks and transforms disruptive earth

energies in building structures and land areas, creating a higher energy frequency environment in those locations. Environmental energy dowsing identifies Positive and Negative Vortexes and through the application of cures, can block or convert Negative

Vortexes into Positive Vortexes. Environmental dowsing also identifies Geopathic Stress Lines, Interference Lines, Hartman and Curry Lines and can neutralize or eliminate their disruptive effects. Environmental Dowsing helps raise the energy frequency in building structures and land areas promoting greater health and well-being in people's lives.

Space Clearing involves purifying and eliminating entities, energies and forcefields created by thought forms and emotional energy from land areas or building structures. Space clearing also involves helping beings from the earth or those who may have transmigrated to the earth from other dimensions and have become trapped in the earth plane. Space clearing helps assist these beings return to a realm best suited for their continued advancement. This includes carnate and discarnate entities associated with people who have made the change called death who may not have made their transition to higher realms of Light. However, the focus of this virtual chapter will not involve Spiritualism or efforts to engage in ongoing communication with any beings from other dimensions or people who have died.

ASD invites Environmental Energy Dowzers and Space Clearers interested in participating in this Focus Group to email Robert Callan at robert@dowsingdesign.com and provide him with a brief summary of your experience in Environmental Energy Dowzers and/or Space Clearing. Please include your full name, address and phone number. All interested parties will be notified of your acceptance as a member of this new focus group. If you have questions about this focus group please email or call Robert at 612/868-2887.

Dave the Mystic (David Barnett)

An energy medicine practitioner, healer and intuitive with over 35 years' experience in Colorado

He has multiple technical degrees and is truly a rocket scientist. In the early 1980's, Dave had some turning points in his life that led to a passion in discovering and developing his gifts in multiple forms of energy healing. He embarked on a path of training in many modalities and developing conceptual understanding of how the different systems work, complement each other and support spirituality. Dave has gifts in healing, reading the Akashic Records, energy and entity clearing, changing core beliefs, Karma burning, and discerning spiritual gifts. Dave continually seeks out new modalities, learns and experiences them from their practitioners and frequently highlights these on his weekly web radio show. Dave is a strong believer in health issues having many potential causes in different energy planes. Dave works with many spiritual guides and communicates with them freely.
