SAVE THE DATE: Lee Barnes, Has secure the lovely picnic shelter again this year at the Weaver Park off North Merrimon. We look forward to seeing you all on Saturday September 16.

From Lee:

"Please save the date for our September 16th, 2023 Appalachian Dowsers Picnic at Weaver Park, 200 Murdock Ave, Asheville, NC. (Park is behind Luella'sBBQ on Merrimon Ave near UNC Asheville.)

We are scheduled at the picnic shelter next to the baseball field (we'll have signs for parking lot next to shelter) between 11 am to 4 pm with setup beginning at 11 am and food serving about 12 noon. We will supply plates and utensils and some water, so bring your own non-alcoholic beverages and some good foods to share!

We have had at past picnics many great sharings of people's dowsing experiences and interests and will save time to make simple dowsing tools (L-rods and pendulums) and offer a short dowsing introduction class.

I was very excited with the large turn-out of newcomers (and new members) at our last picnic so I know there is great interest in Dowsing Intuition- please share this notice with folks you know personally and like mined Social Media groups.

Feel free to contact me with any questions- Thanks and Happy Trails, Lee Barnes 828-646-1593, lbarnes2@earthlink.net. Please signup for for our mails at our website (<http://appalachiandowsers.org>) and join to help support dowsing intuition outreach!" "

Environmental Energy Dowsing harmonizes, blocks and transforms disruptive earth energies in building structures and land areas, creating a higher energy frequency environment in those locations. Environmental energy dowsing identifies Positive and Negative Vortexes and through the application of cures, can block or convert Negative

Vortexes into Positive Vortexes. Environmental dowsing also identifies Geopathic Stress Lines, Interference Lines, Hartman and Curry Lines and can neutralize or eliminate their disruptive effects. Environmental Dowsing helps raise the energy frequency in building structures and land areas promoting greater health and well-being in people's lives.

Space Clearing involves purifying and eliminating entities, energies and forcefields created by thought forms and emotional energy from land areas or building structures. Space clearing also involves helping beings from the earth or those who may have transmigrated to the earth from other dimensions and have become trapped in the earth plane. Space clearing helps assist these beings return to a realm best suited for their continued advancement. This includes carnate and discarnate entities associated with people who have made the change called death who may not have made their transition to higher realms of Light. However, the focus of this virtual chapter will not involve Spiritualism or efforts to engage in ongoing communication with any beings from other dimensions or people who have died.

ASD invites Environmental Energy Dowsers and Space Clearers interested in participating in this Focus Group to email Robert Callan at robert@dowsingdesign.com and provide him with a brief summary of your experience in Environmental Energy Dowsers and/or Space

Clearing. Please include your full name, address and phone number. All interested parties will be notified of your acceptance as a member of this new focus group. If you have questions about this focus group please email or call Robert at 612/868-2887.
