

FIND DOORWAY INTO A TREE

Find a tree that you would like to communicate with; then perform the following. Be creative at any point you wish with questions of your own. Have paper and pen handy to record the answers and sketch what the door/doorway looks like.

STEP A:

1. Bless the tree and thank it for its life.
2. ASK: "*May I communicate with you?*"
"*Can I communicate with you?*"
"*Should I communicate with you?*"

If yes to all three, proceed to Step B.

If no to any of them, you may ask why (not right time, not ready, etc.). Select a different tree and start over with Step A.

STEP B:

1. ASK: "*Do you have a door/doorway?*"
If yes, proceed. If no, select another tree and start over with Step A.
2. ASK: "*Is it on the trunk? Is it on a limb or branch?*"
If it is on a limb/branch, ASK: "*Is it this limb/branch?*" until you identify the right one.
3. Begin to dowse around the trunk or limb/branch of the tree.
ASK: "*Is the door/doorway here?*"
Do this until you have found the location of the door/doorway.

OR

Tell your dowsing system to have your pendulum swing in a certain motion until you find the door/doorway. Then start your pendulum and start moving around the tree or limb/branch until your pendulum stops. This may be done with L-rods as well. The key is to tell you dowsing system what you want your dowsing tool to do until it finds the opening and then what you want it to do when it does find the opening. For example: you tell your pendulum to swing clockwise until it finds the opening and then stop.

4. ASK: "*Is this the door/doorway?*"
If yes, proceed. If no, repeat Step B3 until you get a yes.
5. ASK: "*How tall is the door/doorway?*"
"*How wide is the door/doorway?*"
"*How far above ground level is the bottom of the door/doorway? In feet or inches?*"
"*Is there a window? How big is it? How many feet/inches from the top or bottom of the door is it located?*"
"*Does it open to the left or to the right or top to bottom or bottom to top?*"
"*Is the door/doorway locked?*"
"*Are there stairs inside? Do they go up or down or both ways?*"
"*Is there an elevator inside the tree?*"

Now you've identified how large it is and how it opens.

6. ASK: "*Does anyone or anything use this door/doorway? Faeries, animals, galactic beings, Spirit of the Tree, Guardian of the Tree, other souls, etc.*"
7. ASK: "*Is there anything I can do for you (the tree)? Do you need water, fertilizer, a color, crystal, music, a treat (M&M's, etc.), sing, hug?*"
8. Bless the tree and thank it for talking to you. Proceed with the following meditation or one of your own if you wish.

FIND DOORWAY INTO A TREE

STEP C: (Optional - MEDITATION)

1. ASK: *"May I enter your door/doorway to meditate within you?"*

If yes, proceed. If no, ASK: *"Is there a more appropriate time? When?"*

2. If there is a lock (refer to Step B5), ASK: *"Will you please unlock the door/doorway for me?"*

If yes, proceed. If no, ASK: *"Can I unlock it myself? If so, how? Do I touch something? Do I say something? Do I sing something? Do I offer something?"* Get creative.

3. Now ASK: *"Is it best that I sit or hug the tree? If I am to sit, should I sit facing the tree or with my back against it? Do I need to put my third eye on the tree somewhere? If so, where?"*

Place your body wherever it was indicated or use your own intuition.

4. Close your eyes. Take 3 deep breaths in through your nose and out through your mouth.

Visualize either opening the door/doorway yourself or the tree opening it for you.

Pass through the door/doorway into the tree. Look around for the stairs or elevator if appropriate.

Decide if you want to take the stairs or elevator, otherwise look for a place to sit inside the tree. Move to wherever you've chosen, knowing you can explore the other options later or during a future meditation.

Settle into a comfortable position at the site you've chosen. Close your etheric eyes. Meld with the tree. Become one with it. You may want to envision your arms as the branches and your feet as the roots.

Using your senses, identify what the tree feels like? What it smells like? What color or colors is it? What do you hear? What sounds does it make? What do you see? What does it taste like?

What is the tree's purpose? Does it have a favorite bird that visits it? If so, which one? Does it enjoy animals nesting in the tree?

What goes on around the roots of the tree? Are there devas or faeries or other beings there? If so, what do they do there?

Is there a part or parts of the tree that can be used for healing? Roots, bark, sap, leaves, flowers, branches, etc.? What can they be used for?

Ask the tree if there is any information it has to give you at this time. Listen closely.

If you wish, leave your meditation place within the tree and explore other areas within the tree.

Return to the door/doorway. Thank the tree for all that you experienced. Bless the tree. Leave by the door/doorway. Take a deep breath, wiggle your fingers and toes, open your eyes when you're ready.
